Fire-Lite Systems
March 5th – 6th, 2019
8AM - 5PM

FREE

CLASS FULL

This 2-day course on Fire-Lite's Addressable Intelligent Fire Alarm Control Panels is for individuals with relatively little experience in installing addressable fire alarm systems. The course covers the features, functions and capabilities of Fire-Lite addressable control panels, field charger power supplies, optional components and **SWIFT® Wireless**. The course includes a hands-on exercise in basic keypad programming. Laptops *are required for this class*. **You must attend both days in order to be eligible for a certificate of attendance.** NICET CPD Points: **16 hours**.

Prerequisites: None

Laptops are required for this class and must meet these requirements:

- *Operating System: Microsoft Windows XP, Windows Vista or Windows 7, 8 or 10 (Macintosh laptops are not supported).*
- *Minimum Screen Resolution: 1024 X 768 (Note: some Netbooks do not support this resolution)*
- *Adobe Acrobat or Adobe Acrobat Reader*
- *USB Port*

A USB thumb drive will be supplied to each attendee

Note: This course has limited seating. Fire-Lite cannot accept registrations once the class is marked "FULL." Fire-Lite reserves the right to limit the number of attendees per company if necessary. **You MUST register online at www.firelite.com no later than. Registrations submitted after February 28, 2019 will not be accepted. There will be no Walk-ins allowed.**

Refer to www.firelite.com for the latest class status.

Fire-Lite Software Applications

March 7th, 2019

8AM – 5 PM

Tuition \$200

CLASS FULL

This 1-day Instructor-Led Training (ILT) class offers instruction on the usage of Fire-Lite's free software tools: **FS-Tools** and **PS-Tools**: panel programming tool and **Lite-Configurator**: system configuration tool.

Attendees will gain practical experience by completing hands-on application exercises in the classroom atmosphere.

Note: *This is not a PASS/FAIL program.*

Laptops are required for this class and must meet these requirements:

- *Operating System: Microsoft Windows XP, Windows Vista, Windows 7, 8 or 10. (Macintosh laptops are not supported)*
- *Minimum Screen Resolution: 1024 X 768 (Note: some Netbooks do not support this resolution)*
- *Microsoft Office* *Full version only – the "Click-To-Run" or Cloud version of Microsoft Office is not compatible; Open Office is not compatible with our software applications.*
- *USB Port*

A USB thumb drive will be supplied to each attendee. Lunch will be provided. NICET CPD Points: **8 hours**. Recommended Prerequisites: Experience in installing and programming Fire-Lite Addressable systems or attendance in a 2-day Fire-Lite Systems class. *Note: This course has limited seating. Due to the requirement for pre-installing software, walk-ins and last-minute substitution of personnel cannot be permitted.*

Fire-Lite Alarms reserves the right to cancel any class at anytime. Please do not make non-refundable reservations

Software Refund Policy: You may cancel your registration for a refund up to 7 days prior to the start of class. All refunds are subject to a \$25 processing fee. You may transfer your registration to a future class within 7 days of your original registration at no charge. No refunds will be given within 7 days of a class.
