

## 2019 Training Schedule

### Fire-Lite® System Course

This 2-day course on Fire-Lite's Addressable Intelligent Fire Alarm Control Panels is for individuals with relatively little experience in installing addressable fire alarm systems. The course covers the features, functions and capabilities of Fire-Lite addressable control panels, field charger power supplies, optional components and SWIFT® Wireless. Additional instruction on Fire-Lite's ECC-50/100 Emergency Command Center voice system is provided. The course includes a hands-on exercise in basic keypad programming.
