BG-12 Series Pull Station

Overview

The Fire•Lite BG-12 Series is a cost-effective, feature-packed, non-coded series of manual fire alarm pull stations. It was designed to meet multiple applications with the installer and end-user in mind. The BG-12 Series features a variety of models including single- and dual-action versions.

The BG-12 Series provides Fire•Lite Fire Alarm Control Panels (FACPs), as well as other manufacturer's controls, with a manual alarm initiating input signal. Its innovative design, durable construction, and multiple mounting options make the BG-12 Series to simple install, maintain, and operate
