MS-9200UDLS Rev. 2 198-Point Intelligent Control

Overview

The new MS-9200UDLS Rev 2, V4.0 Firmware adds new features such as USB Port, ANN-Bus devices and improved on-board communicator that provides support for the changing phone service environment. The MS-9200UDLS is ideal for commercial, industrial, manufacturing, office buildings, schools, strip malls and other facilities requiring performance-based, sophisticated technology at reasonable cost.
