

# Field Bulletin

April 4, 2003

Dear Valued Customer,

2003 is going to be an exciting year at Fire-Lite. Among the planned introductions and enhancements to our product line is a direction based on our new 355 series line of intelligent devices.

The 355 series devices are backward compatible with the legacy 350 series intelligent devices and systems you have become familiar with. They are transparent to current Fire-Lite Addressable products and you can use them on all intelligent addressable Fire-Lite systems.

Our phase-over plan for 355 series devices leaves us a limited window to purchase additional 350 series product. Please be advised that after April 15, 2003 you will no longer be able to procure 350 series devices, so please plan accordingly.

<b>Fire-Lite legacy 350 Series Numbers</b>	<b>Type</b>	<b>Fire-Lite 355 series Model Numbers</b>
SD-350	Photo	SD355
SD-350T	Photo w/ Thermal	SD355T
CP-350	Ion	CP355
AD-350	Multi Criteria	AD355
H-350	Thermal	H355
H-350R	Rate of Rise	H355R
N/A	Hi-Temp Thermal	H355HT

If you have any questions or comments, please feel free to contact me at any time. This letter is intended to remind you to prepare for this upcoming improvement to our product line.

Best Regards,

Luis Barros  
Fire-Lite Product Manager
