PRN-6F UL Listed Printer Released

March 27, 2006

Document FLPA06-27-2

Fire-Lite is pleased to announce the availability of the UL Listed PRN-6F event printer for use with all printers supporting a serial printer connection.

The heavy-duty PRN-6F printer is designed to meet specific job requirements where a UL listed printer is required. The printer is for fire applications and will not elicit a ground fault when connected to the printer port of any FireLite panel. Please consult the specific fire panel product manual to determine printer cable requirements.

For more information, go to www.firelite.com and download datasheet DF-52423. To obtain pricing and ordering information, please contact our Customer Service Department: [at 1-800-627-3473](tel:1-800-627-3473).

Sincerely,

Nick Martello
Fire-Lite Marketing Director
