 FIRE-LITE® ALARMS
by Honeywell

MS-9200 and MS-9200UD 9200RBV2.0 Discontinued

April 15, 2009
Document FLPR09-4-1

Dear Valued Customer,

The MS-9200 and MS-9200UD were discontinued in May of 2006. Fire-Lite is discontinuing the 9200RBV2.0 Master Control Replacement Board due to the obsolescence of vender supplied components.

Fire-Lite will no longer offer replacement boards in the traditional manner for the MS-9200 Series Addressable Fire Panel. Instead, Fire-Lite is requiring replacement with a new MS-9200UDLS system.

Last time buy for the legacy 9200RBV2.0 Master Control Replacement Board will be accepted by June 15, 2009 and stock will be limited to on-hand inventory. All orders will be fulfilled on a first-in / first-out basis as supplies last.

Please contact your Regional Sales Manager or Fire-Lite Customer Service Representative at 1-800-627-3473, if you have any questions regarding this announcement.

Thank you for your continued business.

Sincerely,

Bill Brosig
Fire-Lite Product Manager
