

Fire-Lite Systems - *Advanced*

(Location will be provided during the application process)

Tuition \$200 – Click here to Register Online

This two-part training program involves the completion of an online Prerequisite Training Program and attendance in a one-day Instructor-Led Training (ILT) module. This course is intended for personnel who have at least one year of experience working in some capacity with Fire-Lite systems. The program offers experienced personnel training on a large number of subjects through the online program and advanced programming instruction and application exercises in the classroom phase.

Attendees will be required to demonstrate competency in developing their own programming worksheets for complex programming applications which may include Floor-Above/Floor-Below, Elevator Recall, HVAC Control, and Voice Evacuation activation. Attendees will also demonstrate competency in using PS-Tools – the PC-based programming software for uploading/downloading the configuration database of Fire-Lite control panels.

This is a PASS/FAIL program. Each attendee's Final Grade will be a composite of their performance in the online coursework, the practical exercises and a final written exam.

Laptops are required for this class and must have either Microsoft Windows XP or Windows Vista (32-bit Home Edition). A programming cable will be supplied to each attendee. Lunch will be provided.

Continuing Education Unit (CEU) credits: 1.4 (online = 0.7, Instructor-led = 0.7)

Prerequisites: Experience in installing and programming Fire-Lite Addressable systems. Completion of the online Prerequisite Training Program prior to attendance in the instructor-led course. The online program may take up to 6-8 hours to complete. Payment instructions will be supplied at the end of the application process. Login information for the online access and course location will be supplied after receipt of payment.

Note: This course has limited seating. Due to the requirement for completion of the prerequisite course modules, walk-ins and substitution of personnel cannot be permitted. Fire-Lite cannot accept registrations once the class is marked "FULL." Refer to www.firelite.com for the latest class status.
