### Viva Las Vegas! Join us at ISC West, April 10 - 12

Fire-Lite has some big things planned for this year's show – REALLY BIG! We're ready to help you get into new markets and at the upcoming ISC West show you'll be the first to check it out. We hope to see you there! You can sign up for free admission to the expo [here](#).

Want to be in on the action before the show? Be sure to follow us on [Twitter/LinkedIn](#) and keep an eye on our [website](#). We don't want to spoil too much of the surprise but what we have planned will build your current business in the Fire Market and open new doors with Emergency Communications!

---

### Recap of February's Webinar on Chapter 24 of NFPA 72

Our February webinar, presented by FPE Jack Poole, reviewed Chapter 24 of the NFPA 72 code. Jack gave a comprehensive overview of some new requirements, especially with regards to the components and capabilities of an ECS, audio intelligibility requirements and the essentials of a risk analysis.

If you missed it or would like to re-watch, the recording and slides are available [online](#).
